Message from the Chancellor

India's student-age population is one of the largest in the world. The Gross Enrollment Ratio of India in higher education is targeted to be 50% by 2035. But, there are serious gaps leading to the decrease of exposure to competent higher education systems. Such gaps can be bridged with help of distance and Online education, as it can be tailored to fit around a student's current life position.

The Distance and Online Education at LPU is a flexible and dependable system purveying knowledge to the very door step of every section of society. Its mission of 'Bridging the Distance in Education' aims to include wider dimensions of student-centric and affordable learning approach, making it an important contribution leading to a transformed scope of higher education.

DISTANCE EDUCATION

Bridging the Distance in Education

Distance Education

The New Era of Education

In this age of Globalization, where knowledge explosion along with technological advancement is impinging upon the burgeoning population to get equipped with necessary professional and academic skills for excelling in their career pursuits, the concept of technology infused distributed learning is increasingly gaining importance. This has ushered in a new era - the era of Distance Education, which has reconfigured the way a student can learn.

From home assignments/tutorials to web-based instructions and online learning, Distance Education has emerged as the most remarkable technology based innovation in education. It is bringing education to the very doorstep of the learner and is opening new paths of progression for all.

Distance Education endows unmatched flexibility to its students by virtue of which even working professionals, entrepreneurs or housewives can look forward to pursuing higher education and upgrading their knowledge and skill set while continuing to do whatever they are doing.

Benefits of Distance Education

Distance Education makes lifelong learning possible. Along with enhanced access to educational opportunities, it offers convenience, flexibility, and affordability. Of the innumerable benefits of Distance Education, some are listed here:

SUITABLE FOR ANYONE AND EVERYONE

Distance Education suits the diverse educational requirements of students, professionals, entrepreneurs, and house-wives and is beneficial to any individual who wants to pursue higher education while still continuing with what he/she is doing.

SELF-PACED LEARNING

The maximum duration of Distance Education programmes provides its students enough time to complete their programmes. This flexibility is specifically given, keeping in mind that the Distance Education students have other commitments too.

NO CONSTRAINT OF TIME AND PLACE

Distance Education allows flexibility of studying anytime of the day, be it in the wee hours of the morning or at late

nights. Students may choose to study in the comfort of their homes, while travelling, while they are in the waiting area of a railway station or an airport, or any other place where they wish to be.

MULTI-TASKING OPPORTUNITY

Distance Education provides multi-tasking opportunity to students. Flexibility and convenience, rendered by it, provide the students freedom to heed to their other responsibilities too.

AGE NO BAR

Age is no bar for anyone wishing to pursue a Distance Education Programme.

INCREASE IN REMUNERATION AND PROMOTION POTENTIAL

One can always enhance his/ her academic and professional standing by opting for Distance Education programme which in turn helps in increasing one's remuneration and promotional potential. Additional qualification gives an edge to an individual over his peers and colleagues.

Centre for Distance and Online Education (CDOE)

With support of LPU, the largest university¹ in India, Centre for Distance and Online Education (CDOE) is bridging the gap between education and the education seekers at a fast pace, through usage of technology, which significantly extends the reach and quality of education. By providing education without a compromise, CDOE aims at making Distance and Online Education a credible and valued mode of learning.

CDOE, filled with energy, enthusiasm and concern, is a modern and dynamic wing of the university. Its team strives hard to ensure quality in curriculum, teaching methodology, examination, and evaluation system, and in providing the best services to its students. CDOE takes pride in its values by virtue of which it ensures to make an impact on the education system and the learners, and meet the demands of the industry.

Through affordable education, online resources and other student support services, CDOE intends to reach the unreached.

LPU Distance Education (DE LPU)

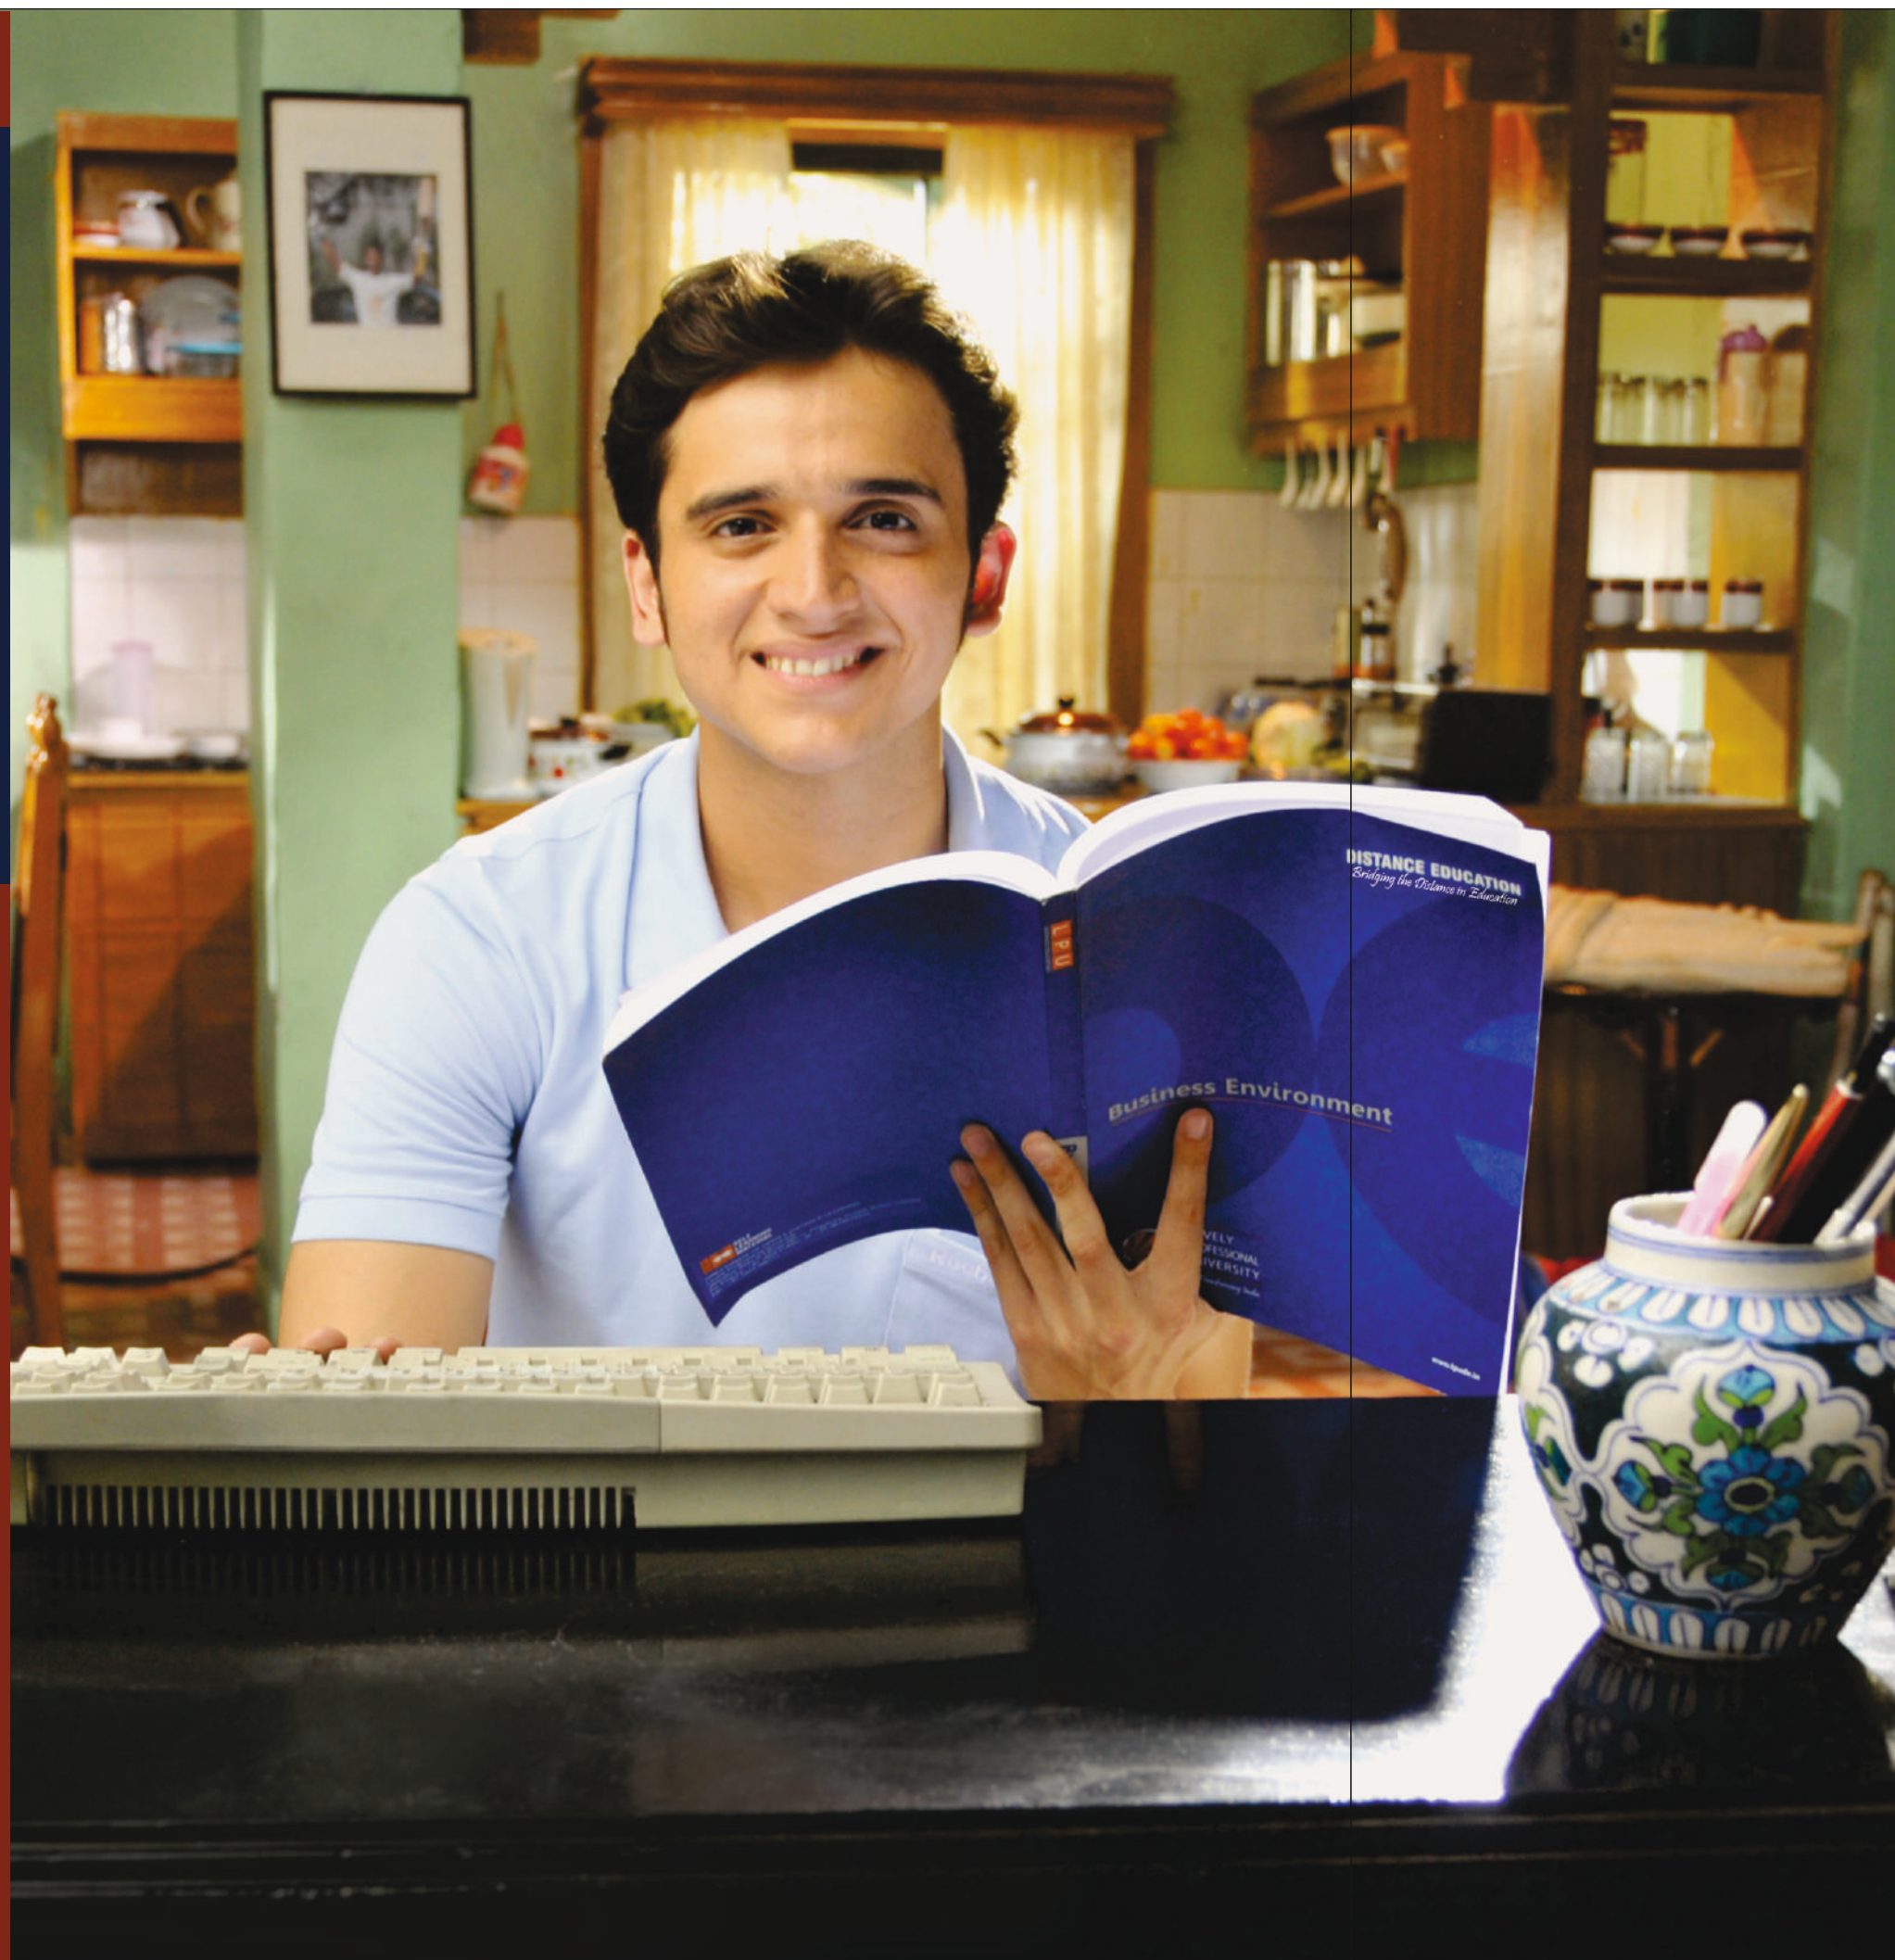

LPU Distance Education, which caters to the needs of students who cannot pursue formal education in colleges and universities, is an endeavour of LPU aimed at 'Bridging the Distance in Education.' It allows upgrading of skills, increase in productivity, and development of a new learning culture with the use of cutting edge technological advancements. It makes significant contribution to enhance the cause of higher education by emerging as relevant and appropriate revolution to meet the challenges of access, affordability, suitability, and portability.

LPU Distance Education offers various Degree and Diploma programmes at the Bachelors and Masters levels to various strata of the society, varying from students to professionals, housewives, and even entrepreneurs. This, in a way, will help every aspirant to accomplish his/ her unfulfilled dreams of academic pursuits.

CDOE constantly strives to provide a convenient study mode of affordable and anytime-anywhere quality education in a technology-rich environment.

Self Learning Material (Study Material)

Study material available in Self Learning format, is one of the best features of LPU Distance Education. Generally, in Distance Education mode, students are physically at distance from their teachers/ mentors. Hence the study material meant for them is required to play 'teacher-function' also in addition to providing knowledge and information. The study material developed by LPU is self-explanatory, self-contained, self-directed, self-motivating, self-evaluating, and hence is called Self-learning Material (SLM).

SLMs for various courses are provided to the learners through LPU e-Connect (Online Learning Management System) and LPU DE website www.lpude.in permitting students to study wherever they want and to flip through the pages of the virtual study material on their computers, laptops, Tablets, i-pads, i-phones etc. However, if a student

wants to take printed Study Material, then he/ she is required to pay prescribed fee separately at the time of taking delivery of the study material.

With help of various tools in SLM like Caution, Notes, Tasks, Did you know?, Pictures, Graphics, Exercises, Case Studies, Examples, etc., students find it easy to learn on their own.

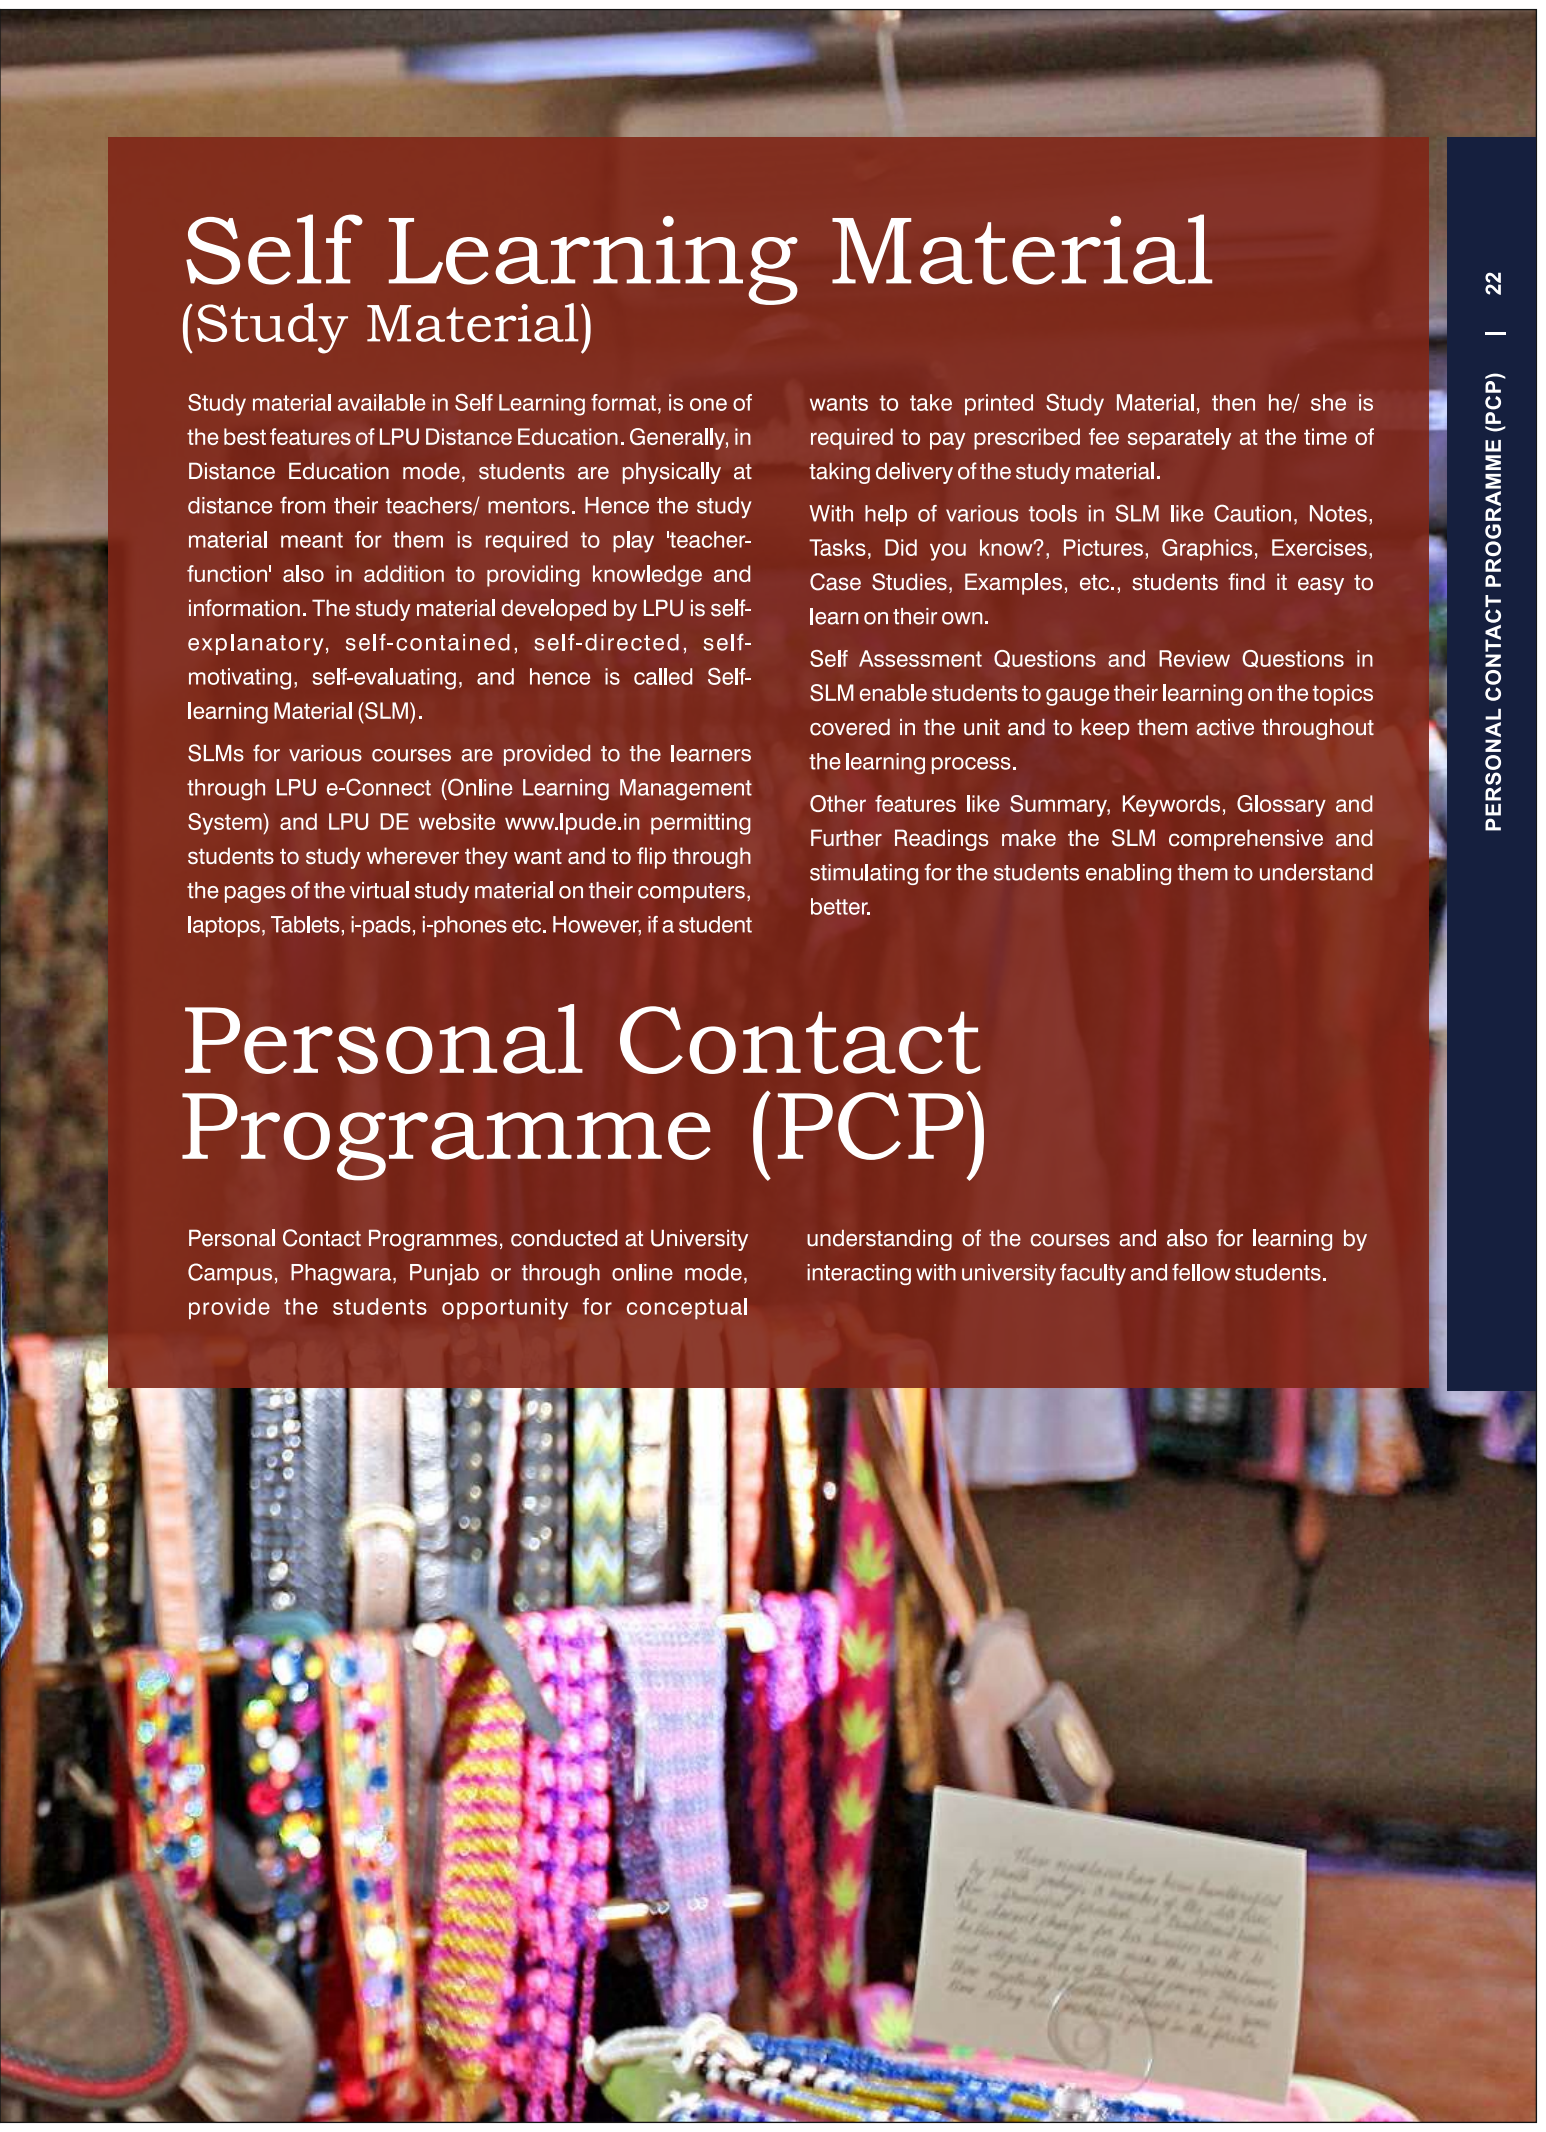

Self Assessment Questions and Review Questions in SLM enable students to gauge their learning on the topics covered in the unit and to keep them active throughout the learning process.

Other features like Summary, Keywords, Glossary and Further Readings make the SLM comprehensive and stimulating for the students enabling them to understand better.

Personal Contact Programme (PCP)

Personal Contact Programmes, conducted at University Campus, Phagwara, Punjab or through online mode, provide the students opportunity for conceptual

understanding of the courses and also for learning by interacting with university faculty and fellow students.

Affordable Fee Structure

'Financial constraints' should not come in the way of pursuing your educational and professional aspirations. This is the philosophy behind LPU Distance Education offering its programmes at economical fee structure, making quality university education quite affordable for all.

Comprehensive Evaluation System

Evaluation system at LPU is aimed at bringing out the best performance from students and consists of descriptive as well as analytical questions.

As per the evaluation system presently in force, students are generally evaluated on the basis of two components; End-term Examination and Continuous Assessment with weightage of 70-80% and 20-30% respectively.

Examination System at LPU is highly transparent. End-term Examinations are conducted at the end of each term i.e. twice a year.

Congratulations

Student Career Support

A division of Student Career Services is operating at the university with a vision to equip students with versatile traits to match core needs of the corporate world. This division acts as an intermediate between the corporate world and the university by providing the budding students with guidance in their choice of career and an easy access to employers for providing ample opportunities for Placements.

Students are provided with placement support by informing them from time to time about various placement drives at different locations to enable them to avail the opportunities.
